

70th Birthday Bash

If you didn't come, you missed a great time. The party started at Don & Jone Bowman's house on Friday evening where everyone enjoyed their gracious hospitality, good food, cold drinks and great fellowship.

Gary Stenger brought a carving of a Killdeer that took him 450 hours to create! It was magnificent.

Gary also carved a swan and donated it as a door prize at the chicken & shrimp dinner on Saturday evening. It too was something to behold. The detail on all the carvings was truly unbelievable.

Gary has agreed to let me visit his home and document his carvings so I can share them via our web site. Keep an eye out for the article in the near future.

If you would like to see how everyone looks now that they are 70 +/- a year, the pics of the attendees are on the web site.

Below are some pics at the dinner on Saturday and the golf outings on Friday and Saturday.
